

VISION

DataSafe / Security / Compliance

for Workplace by Facebook

VISION is the guarantee that your Facebook Workplace platform is a safe and reliable collaboration environment for your company.

DATASAFE – Secure Data

VISION is the assurance of your investment in Workplace since it allows you to backup all the information of your company and keep it safe.

To prevent a loss of data or, if at some point, your contract with Facebook ends, the information in your hands is an invaluable asset for the future of your organization.

Compliance

VISION technology guarantees respect for the codes of conduct, rules of behavior and corporate standards in your Workplace | Facebook community.

Security

VISION is responsible for protecting the information of your entire organization in the Workplace cloud monitoring actions that may cause a risk to the corporate security.

Notifications and Alerts

The VISION alerts engine will always keep informed of all relevant events that require your attention and may affect or compromise the behavior of your Workplace environment.

VISION gives you the freedom to create a collaborative company with the security and reliability that your organization needs.
